3. Save Energy

Conscious thought about energy conservation is inculcated in the minds of students with the display of switching off electrical devices when exiting the class.

Additionally, the campus maintains the key rack which stocks the specially made AC Keys. Every faculty takes the keys with them when entering the class and uses it to open the AC Cabinet at the beginning of the lecture.

In the AC Cabinet the AC remote is stocked to switch on the AC's. Post lecture the AC is again switched off and the cabinet is locked again.
